Who are Bedford 2020 and the Chamber Quartet?

Bedford 2020 is a non-profit organization whose goal is to organize, lead and promote a community-wide effort to reduce greenhouse gas emissions 20% by the year 2020, and to create a sustainable community that conserves its natural resources. The Business Community is a significant part of the Bedford 2020 strategy. Improved energy efficiency and waste/recycling practices will benefit both our businesses and our entire community.
